
This exciting contemporary approach to World Regional Geography introduces the latest ideas, concepts, and theories in geography while also developing a strong foundation in the fundamentals of world regions. It helps professors convey a strong sense of place and an understanding of the connections within and between world regions. Globalization and Diversity is a briefer version of the popular Diversity Amid Globalization by the same authors; this distillation focuses on the core materials that students need in a World Regional Geography course. The Fourth Edition features a new and unique focus on sustainability.

The Power of Place: Geography, Destiny, and Globalization's Rough Landscape

The world is not as mobile or as interconnected as we like to think. As Harm de Blij argues in The Power of Place, in crucial ways—from the uneven distribution of natural resources to the unequal availability of opportunity—geography continues to hold billions of people in its grip. We are all born into natural and cultural environments that shape what we become, individually and collectively. From our "mother tongue" to our father's faith, from medical risks to natural hazards, where we start...

Changing Worlds: Vietnam's Transition from Cold War to Globalization

Throughout the entire Cold War era, Vietnam served as a grim symbol of the ideological polarity that permeated international politics. But when the Cold War ended in 1989, Vietnam faced the difficult task of adjusting to a new world without the benefactors it had come to rely on. In Changing Worlds, David W. P. Elliott, who has spent the past half century studying modern Vietnam, chronicles the evolution of the Vietnamese state from the end of the Cold War to the present. When the communist regi...

The Changing Geography of Banking and Finance

The editors and contributors tackle a timely subject, and present rigorous research and analysis to demonstrate counter-intuitive results. In so doing, they reinforce the connections between organization and policy in the banking industry and its impact on entrepreneurship, through lending and credit to small and medium-sized businesses. The editors present a carefully organized manuscript that presents both literature reviews and the results of original empirical research that will be of inte...

A Framework for Geodesign: Changing Geography by Design

The Europeans, Second Edition: A Geography of People, Culture, and Environment (Texts in Regional Geography)

This leading text offers a comprehensive, richly nuanced, and authoritative introduction to European geography. Coverage encompasses the entire region: its physical setting and environment, population and migration, languages and religions, and political organization. Particular attention is given to historic and contemporary features of the diverse urban environments in which most Europeans live, work, and play. Combining vivid description, essential information, and cogent analysis, the text i...

An Environmental History of the World: Humankind's Changing Role in the Community of Life (Routledge Studies in Physical Geography and Environment)

This second edition of An Environmental History of the World continues to present a concise history, from ancient to modern times, of the interactions between human societies and the natural environment, including the other forms of life that inhabit our planet. Throughout their evolutionary history, humans have affected the natural environment, sometimes with a promise of sustainable balance, but also in a destructive manner. This book investigates the ways in which environmental changes, often...

Diversity Matters: Understanding Diversity in Schools

There is no single "cookbook" approach to working effectively with a diverse classroom population—and that's why this book is so useful. Its practical, research-based approach prepares educators to meet the unique demands of their intercultural interactions armed with knowledge that assures proper, responsible, and ethical intercultural communication. Based on current research and enriched by the individual voices of those with diverse worldviews, the book provides abundant practical, theoretica...
A Geography of Russia and Its Neighbors (Texts in Regional Geography)

Comprehensive and authoritative, this text offers an accessible introduction to post-Soviet Eurasia. Students get a solid grounding in the physical, cultural, political, and economic geography of this rapidly changing region. Core thematic chapters focus primarily on Russia but also incorporate relevant information on the other 14 former Soviet republics. Regional chapters provide concise discussions of each republic and of Russia's main regions. Student-friendly features include engaging vig...

Changing Minds or Changing Channels?: Partisan News in an Age of Choice (Chicago Studies in American Politics)

We live in an age of media saturation, where with a few clicks of the remote or mouse we can tune in to programming where the facts fit our ideological predispositions. But what are the political consequences of this vast landscape of media choice? Partisan news has been roundly castigated for reinforcing prior beliefs and contributing to the highly polarized political environment we have today, but there is little evidence to support this claim, and much of what we know about the impact of news m...

Directed primarily toward undergraduate International Business majors, this text also provides practical content for future industry professionals. A readable, concise, and innovative tour through international business, this text presents the subject matter in a comprehensive yet succinct framework. Real-world examples and engaging features bring concepts to life and make international business accessible to all. The Seventh Edition better explains the influence of the global credit ...
