Head First Java: Your Brain on Java - A Learner's Guide

Between Moore's law and the notion of "Internet time," we're constantly being bombarded with more and more information--most of it in the form of disorganized data. Turning this information into useful knowledge is getting harder and harder to do, and it takes time that we just don't have. The current economic situation hasn't helped either. With money spread thin, who hasn't had to take on new tasks and learn new things? And slashed training budgets mean there's little to rely on for learning ...

Why Isn't My Brain Working?: A Revolutionary Understanding of Brain Decline and Effective Strategies to Recover Your Brain's Health

Losing your memory? Can't focus or concentrate? Do you have brain fog or tire easily? Have you lost your zest for life or motivation? Do people tell you this is all a normal part of aging? If so, your brain may be growing old too fast, or degenerating. Modern diets, a stressful lifestyle, and environmental toxins all take their toll on the brain. This doesn't just happen to seniors-brain disorders and degeneration are on the rise for young and old alike. The good news is the brain is extremely a...
