
Using the example of "Intelink", the classified worldwide Intranet for the intelligence community, this book is one of the first on current intelligence operations written by an "insider". The CD-ROM includes sample Intelink software demos relating to collaboration tools, security products, and other applications.
The Secret Teachings of Plants: The Intelligence of the Heart in the Direct Perception of Nature

Reveals the use of direct perception in understanding Nature, medicinal plants, and the healing of human disease. Explores the techniques used by indigenous and Western peoples to learn directly from the plants themselves, including those of Henry David Thoreau, Goethe, and Masanobu Fukuoka, author of The One Straw Revolution. Contains leading-edge information on the heart as an organ of perception. All ancient and indigenous peoples insisted their knowledge of plant medicines came from the plants themselves.

Operation Paperclip: The Secret Intelligence Program that Brought Nazi Scientists to America

The explosive story of America's secret post-WWII science programs, from the author of the New York Times bestseller Area 51. In the chaos following World War II, the U.S. government faced many difficult decisions, including what to do with the Third Reich's scientific minds. These were the brains behind the Nazis' once-indomitable war machine. So began Operation Paperclip, a decades-long, covert project to bring Hitler's scientists and their families to the United States. Many of these men were ac...
